

XtremeFLEX[®]

Emergency De-Icer

BriskHeat's XtremeFLEX[®] Emergency De-Icer is for rapid-de-icing, thawing, temperature control, and emergency supplemental heat. It is used on metal pipes, valves, pumps, and other metal surfaces.

Since 1949, BriskHeat Corporation has been THE trusted source for heating applications.

Features:

- Portable plug-and-play, ready-to-install design
- **Rapid heating:** 10X heating output of a typical water pipe freeze protection
- **Exceptional flexibility** - Wraps around metal surfaces as small as 1/2" diameter
- 1" wide moisture and chemical resistant heat tape
- Available in variety of lengths: 2 ft, 6 ft and 10 ft

Specifications:

- Voltage: 120VAC
- Controller: Built-in, adjustable between 50° to 160°F
- Power cord: 120VAC with 6-foot power cord with standard 2-prong wall plug
- Watt density: 6 watts/sq in

Common Uses:

- De-Icing Pipes
- Thawing Valves
- Warming Pumps
- Improving Cold Weather-Related Flow Problems

Industrial Grade:
Rugged construction for unsurpassed durability

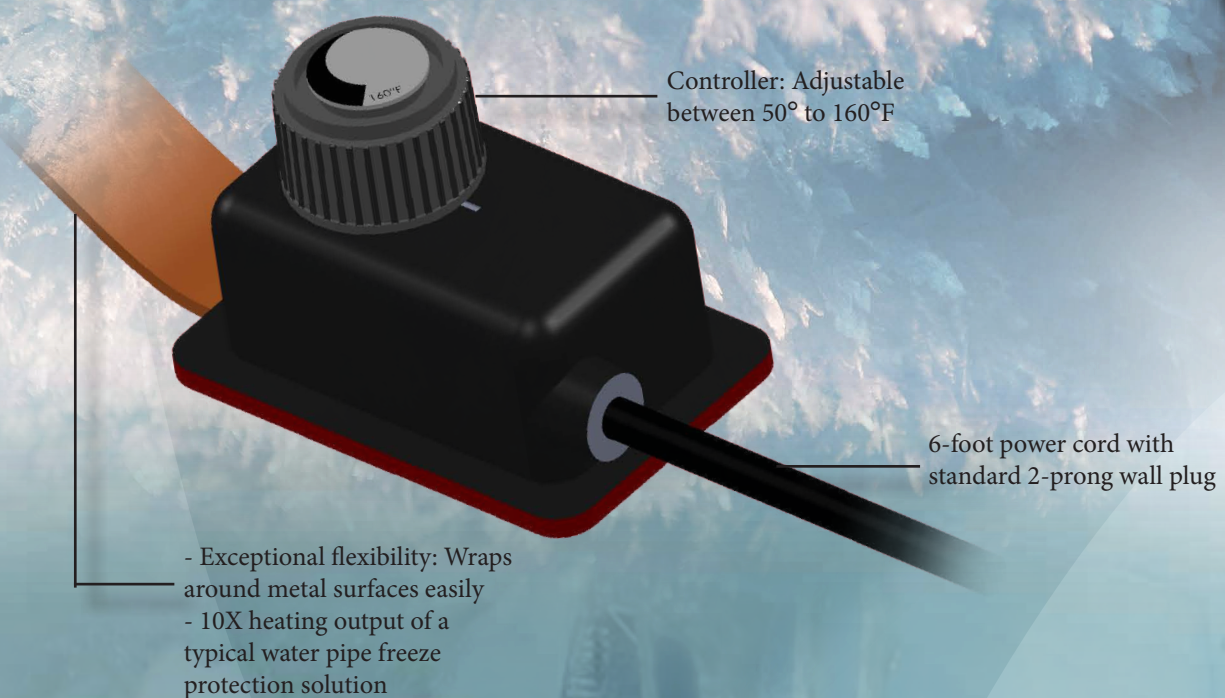

1 Year
Warranty

Made in USA
